Mayor Robinson then reported that he had contacted a property owner on Miami Street about a television stand and several other larger items being left at the curb for a longer than normal time frame. The items have since been moved. Mayor Robinson also reported stopping Deacon Huston and warning him about riding a go cart on Village Streets being illegal. A resident at 106 Main Street was warned about trash and litter behind his residence. The home owner was not receptive of the warning but the Mayor will continue to following this to make action is taken to clean this up. Mayor Robinson reported that he has not seen any action from the Logan County Sheriff regarding trash bags being stored on the deck of a property on Mill Street. Animals are tearing bags open and trash is scattering. The back of the truck with bags in it seems to be emptied and new storage of bags are back on the deck. Dale Clary off of Main Street was again contacted about excessive vehicles and litter at his property. The Mayor is monitoring this situation as well. The Council has been notified that the Civista Bank will be closing the Quincy branch of their bank on July 16, 2021 at 5:00 p.m. permanently. The first item was noted that Quincy has had a bank for many years. Civista Bank has been the collection outlet for the payment of utility bills as well. The Fiscal Officer informed Council that she has a call into the bank to get information about this situation as well the intentions of what they will be doing with the building. She noted that there are several the Village could do when this information is obtained. She expressed concern regarding new business coming to Quincy without a bank and possible loss of business to the bank closing. She stated she would continue to try to obtain this information as quickly as possible. A letter from Civista Bank encouraged patrons to transfer accounts to the West Liberty branch. The closest Civista Bank is ten to twelve miles one way from Quincy. The possibility of a different bank taking over the building depended on what Civista Bank plans to do with the current building. The Council does not want to see another empty building in the downtown area. The Fiscal Officer will be following up on obtaining information on the intentions of the bank after it closes.

An issue was discussed concerning a boat being parked in front of the Methodist church parsonage for an extended time. Grass and weeds are not being maintained. The Mayor will be investigating the boat and license.

Cheryl Lozier presented Mayor Robinson with a list of fifteen properties that need review for tall grass, vehicles, and excessive litter on their properties that needs attention. The Mayor took the list and will investigate the properties and issue warning where needed to allow for clean-up. Also mentioned was a portable basketball hoop placed right on the edge of Miami Street with children using the net and shooting baskets from the street. This was a concern for someone getting hit by a car.

The Fiscal Officer then ask again about applying for the \$1000.00 Public Entities Pool grant. She reviewed what it could be used for. Some ideas were mentioned and the application will be reviewed and presented at the next Council meeting.
